

Blocked drains, foul odours

and unhygienic grease traps
in your kitchen?

SUPER Draintain

Biological grease degrader and drain treatment

...is the answer!

SUPER Draintain automatic drain dosing system

- Saves cost by removing the need to empty unhygienic grease traps
- Gets rid of foul odours
- Maintains clear, free-flowing drains
- Minimises rodent and insect problems
- No floor drums or containers
- easy to handle 5 ltr packs
- No need for engineer servicing
- Environmentally friendly and safe

Nothing puts off customers faster than **bad drain smells** from the kitchen, and nothing makes less sense than paying to have the **kitchen grease trap emptied each month**.

How SUPER Draintain works

The powerful bioenzymatic fluid digests kitchen oils, fat and grease.

No buttons to push

No engineers to call

Once it's installed, it just automatically doses the drain every day.

And with no water or mains electric connections.

SUPER
Draintain can be installed almost anywhere in the kitchen.
